In addition to getting notifications to your phone, you can also choose to receive each message as an email.

You will be sent an email asking you to click on a link to verify your email address. Check your spam/junk folders if it does not arrive.

Step 3: Login to Konnective

Open up the app. Make sure you select OK to receive Push Notifications from Konnective (iPhone only). This will ensure you get a notification whenever you receive a new message.

Tap on the Login button.

Enter your email address and the password you set when you registered.

If you aren't connected to all of the feeds you need:

Tap on Menu and select My Connections.

Hit Add and choose the business and feeds relevant to you.

You can automatically connect to any public streams (those with a Connect button) or else Request Approval to be added to any other feeds that are relevant to you. Upon Requesting Approval, the connection will remain in a pending state until you can be reviewed and approved onto that feed by the school or business.
