

Dear parent/guardian,

ALTONA GREEN PRIMARY SCHOOL PARENT PAYMENTS POLICY 2026

Altona Green Primary School is looking forward to another great year of teaching and learning and would like to advise you of Altona Green Primary School's voluntary financial contributions for 2026.

The Department of Education have strengthened the Parent Payments Policy to ensure there is transparency and consistency for all Victorian schools and families, and ensure schools provide students with free instruction to fulfil the standard Victorian curriculum and to assure you that all contributions are voluntary.

Please see the following categories:

- Essential Student Learning Items has been renamed Curriculum Contributions
- Optional Items has been renamed Extra-Curricular Items and Activities
- Voluntary Contributions has been renamed Other Contributions

For further information on the Department's Parent Payments Policy please see a one-page overview attached.

The environment and resources that we enjoy today represent the contributions made by our parent/carer community over many years. Parent/Carers voluntary contributions make a significant difference to the quality of our programs. This financial support ensures that we can continue to provide the excellent range of facilities and resources for your children. Your support has allowed us to:

- Provide high-quality programs and specific subject materials and equipment for: English, Mathematics, STEM, Art, Inquiry, Italian and PE;
- Provide the Stephanie Alexander Kitchen Garden program;
- Provide a high-quality wellbeing program including psychology and speech pathology supports;
- Maintain and develop our substantial school grounds;
- Ensure the upkeep of our technology devices and services to enhance learning opportunities;
- Maintain high-quality class sets of books for students to develop their reading skills;
- Provide hands on maths equipment and resources;
- Provide online digital subscriptions that support and enhance learning of the curriculum;
- Provide a range of physical education and sporting equipment;
- Arrange for individual student supplies and class bulk supplies;

Our school only requests contributions for items that we believe add value to the school experience for students. All contributions go specifically towards items and activities that help improve your child's educational experience. This year we have adjusted the curriculum contribution amount in response to the increased costs for materials, equipment and resources. Please be assured that we review all requests for contributions annually and make every effort to keep the cost of items and activities to a minimum and affordable for parents.
